

## Table of contents

### Part 1 : Parallel algorithms for combinatorial optimization

- **1.1 Parallel branch and bound** (T. Crainic, CRT Canada, C. Roucairol, Prism Versaille France, et al.)
- **1.2 Parallel dynamic programming** (R. Andonov et al., IRISA-France rumen.andonov@irisa.fr, Sanjay Rajopadhye, Colorado Univ. USA, Sanjay.Rajopadhye@ColoState.edu, Nicola Yanev, Bulgaria, choby@math.bas.bg)
- **1.3 Parallel branch, cut and price** (T. Ralphs et al., tkralphs@lehigh.edu)
- **1.4 Parallel semi-definite programming** (Steven J. Benson et al., benson@mcs.anl.gov)
- **1.5 Parallel resolution of SAT : A survey** (D. Singer et al., singer@sciences.univ-metz.fr)
- **1.6 Parallel metaheuristics**
- **1.7 Parallel hybrid and cooperative optimization** (E-G. Talbi, L. Jourdan, M. Basseur)
- **1.8 Parallel multi-objective combinatorial optimization** (E-G. Talbi, N. Melab, M-S. Mezmaiz, J. Lemesre, C. Dhaenens)

### Part 2 : Parallel frameworks for combinatorial optimization

- **2.1 Parallel frameworks for metaheuristics**
- **2.2 Parallel framework for dynamic programming** (F. Almeida, L. Moreno, Tenerife University, Spain)
- **2.3 Parallel framework for branch and bound : ???**

- **2.4 SDPPARA : A semi-definite programming algorithm parallel version** (M. Yamashita, K. Fujisawa, M. Kojima, Makato.Yamashita@ie.kanagawa-u.ac.jp)
- **2.5 MW: A Software Framework for Combinatorial Optimization on Grids** (J. T. Linderoth et al., [jt13@lehigh.edu](mailto:jt13@lehigh.edu))
- **2.6 Constraint Logic Programming on Multiple Processors** (Ilias Sakellariou, [iliass@csd.auth.gr](mailto:iliass@csd.auth.gr), I. Vlahavas, [vlavavas@csd.auth.gr](mailto:vlavavas@csd.auth.gr) )

### **Part 3 : Parallel applications of combinatorial optimization**

- **3.1 Parallel combinatorial optimization in logistics and transportation** (F. Semet et al., [semet@univ-valenciennes.fr](mailto:semet@univ-valenciennes.fr), M. Gendreau, J-Y. Potvin, Université de Montréal Canada)
- **3.2 Parallel combinatorial optimization in telecommunications and bioinformatics** (Celso Ribeiro, Brazil, [celso@inf.puc-rio.br](mailto:celso@inf.puc-rio.br))
